

February 20, 2013

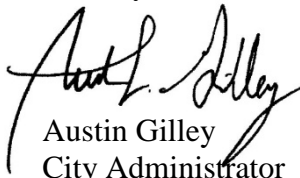

**Dear Medicine Lodge Utility Customer with trash service outside of City limits:**

Starting Monday, **April 1, 2013**, the City will be providing a new curb-side recycling and trash service – operated by Nisly Brothers, Inc. While the City is pleased to be providing this service, the City cannot extend this program beyond its City limits. Nisly Brothers, Inc., fortunately has agreed to make their services available for a seamless transition to its rural service, which also will include recycling. Below are a few important notes to read carefully as you plan for your future solid waste service options.

- 1.** The City's service will discontinue Friday, **March 29, 2013**. Please note that March 29 is a City-observed holiday, so trash will be collected on Thursday, March 28.
- 2.** Enclosed is information from Nisly Brothers, Inc., providing direction on how to start service with its company.
- 3.** The City will continue to accept qualified recyclables at its existing recycling location (next to the water tower on North Walnut) from customers outside of City limits – **self-service recycling** bins provided by Nisly Brothers, Inc., will be located near the existing recycling center.
- 4.** All notices and letters related to this transition will be posted online as they come available for ease of future reference. The City's web site is **[www.medicinelodge.ks.gov](http://www.medicinelodge.ks.gov)**.

The City appreciates your business and support of its new recycling program. Please feel free to contact the City Office if you have any questions.

Thank you,

Austin Gilley  
City Administrator

***We Keep You Looking Good!***

February 19, 2013

Dear customer outside of Medicine Lodge,

As you may know, the City of Medicine Lodge made a decision on February 4, 2013, to contract trash and recycling collection services for the city with Nisly Brothers. We are a family owned and operated waste collection company and contract with many small cities here in central Kansas to provide trash and recycling collection services to both residents and businesses.

This change will be effective April 1, 2013.

We will bill each customer outside of the City limits of Medicine Lodge. A representative from our company will contact each commercial customer February 20 - 28, 2013, to verify your needs.

Residential customers need to contact us directly to set up service. Residents with regular weekly trash service with one cart will cost \$32.00 per month. Recycling is free.

Residential customers are billed quarterly and commercial customers are billed monthly.

Each customer will receive a new trash container to use for trash. Please do not use your old carts or containers for trash after the change over.

Trash and recycle carts and containers are scheduled to be delivered March 18 - 29, 2013. You will be contacted with your trash and recycle pickup schedule.

If you have any questions you may call us, toll free (866) 662-6561.

Sincerely,

A handwritten signature in black ink, appearing to read 'J. Nisly', written over a large, light-colored circular scribble.

J Marvin Nisly  
President

**We recycle**
